

REACH Conformity Declaration (EC Regulation No. 1907/2006)

24.07.2018

Dear Sir or Madam,

Thank you very much for your request for compliance with regulation (EC) No 1907/2006 (REACH).

Early on we and our suppliers started working with the regulations set by REACH and like to inform that we and our suppliers meet the requirements.

All products which we supply and the corresponding packaging are articles which do not need to be registered separately.

In accordance with the regulation articles are not subject to registration. We have requested all of our suppliers to register the substances delivered to us. On the basis of the replies, we have ensured that the substances are registered at the European Chemicals Agency.

With reference to the updated list of substances of very high concern (SVHC), dated 27.06.2018, our articles and its / there packaging contain no substances of very high concern (SVHC) included on the candidate list in a concentration of above 0.1% by weight.

Of course we will meet our obligation to notify according to the REACH regulation in the future.

Best regards

Andy Mordue  
Operations Manager
